TRAINING OVERVIEW

Relationship management and after sale service have been found responsible for today's businesses' success in maintaining and expanding clientele base. It is the psychology of support and confidence that make a customer to stay loyal or look for the ultimate exit door.

This workshop takes full interest in getting managers to get the right customer service and the overwhelming mindset of business excellence into their daily practice. It is a give and take customer relationship and as much as customer believes that he can rely on your warranties, product quality, and your continuous support and after sale service, as much as you would win his loyalty and guarantee his on-going lucrative business.

Organization's effectiveness is measured by their ability to supply their customer needs and wants efficiently. But how the organization can achieve excellent customer service is a key issue to sustain competitive business environment. This workshop aims to bring professional, high-level customer service concepts into common ground with front-line services by offering a unique improvement tool to help those delivering services and put their customers at the core of what they do.

This course is also designed to enrich and update the knowledge and skills of the participants for achieving excellent customer relations and applying world-class strategies and tactics to keep track of the changing customer needs.

COURSE OBJECTIVES

- Articulate why Customer Relationship Management (CRM) is essential for attracting, retaining and growing loyal customers.

DMCT/OL/9/18(Rev3Dt:23/9/18)

- Determine the uses and objectives of a CRM system.
- Recognize best practices in implementing a CRM strategy.
- Apply CRM for improving marketing, sales, customer service, and customer contact.
- Use Social CRM to drive collaboration among salespeople to increase their effectiveness.

Appreciate different approaches to CRM that are best suited to their organizations' culture

TRAINING METHODOLOGY

A highly interactive combination of lecture and discussion sessions will be managed to maximize the amount and quality of information, knowledge and experience transfer. The sessions will start by raising the most relevant questions, and motivate everybody finding the right answers. The attendants will also be encouraged to raise more of their own questions and to share developing the right answers using their own analysis and experience.

All attendees receive a course manual as a reference.

This interactive training workshop includes the following training methodologies

30% Lectures

30% Workshops and work presentation

20% Group Work & Practical Exercises

20% Videos & General Discussions
